**RE: DOCKET NO. 98N-1265**

To the FDA:

I send this letter as a consumer of health care services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of pharmacists to serve the public's medical needs.

As a healthcare consumer there should be no restrictions to the delivery of compounded medication prescribed for me, regardless of where I live or travel.

**The MOU must be amended!!!**

The FDA is an agency of the government that is overstepping its jurisdiction by attempting to regulate interstate commerce.
